## WHITEPAPER

# REVERSE

**Everyone Realize Everyone Metaverse  
Earn and Get 7% RACA While You Hold Reaverse Token**

- 1. Our Innovation and Values**
- 2. Values and Metaverse Ecosystem**
- 3. " New Generation Values " Rewards and Passive Income Utility**
- 4. Core Innovation**
- 5. Frequently Asked Question ( FAQ )**
- 7. Target and Roadmap**
- 8. Tokenomics System**

We have designed and built Reaverse with a vision to bring together a successful token based on Raca due to the original thriving success as it holds currently the 250 Top highest market value and has a huge future in the overall crypto market.

Our experienced team focused on offering investors a double return. Invest in Reaverse, which after development will massively increase in value and gain in Binance Smart Chain which in the long run will dominate the crypto market. Reaverse aims to create online spaces for members to socialize, buy, trade and invest in cryptocurrencies together while earning RACA.

## VALUES

Reaverse mission is to enrich, grow and empower our community to help them reach their goals and thrive within the crypto market. If you are new to crypto, you've picked the right place. The Reaverse community is constantly growing and ripe with activity. With our dedicated team on several social media platforms, Reaverse has limitless growth potential. Our team is experienced in every sector and together will make Reaverse a success and Innovation Metaverse Ecosystem Project.

Reaverse created by some Developers who want to make High Quality Metaverse Ecosystem From Hardware untill the Softwate with affordable price, so all the people can feel and used Reality Verse Ecosystem like :

- 1.) Re-Gear ( Virtual Reality Gear for Reaverse Ecosytem )
- 2.) Re-Verse ( Metaverse, NFT & Digital Platform for Reaverse Ecosystem )
- 3.) Re-Chain ( Blockchain Platform for Reaverse Ecosystem )
- 4.) Re-Seed ( Open Public Smartform for Reaverse Ecosystem )

\*Smartform = Smart Platform

## **"New Generation and Values " Rewards and Passive Income Utility**

**Reaverse was established on 3 April 2022, to generate passive revenue for the community. Simply holding Reaverse in your wallet will earn you RACA. Reaverse is an open-source, totally decentralized platform that has been entirely originated, driven, and developed by the community. With a total quantity of one trillion tokens and 10% of them burn after launch, the current circulating supply is approximately 7.5 trillion tokens. The more Reaverse you have, the more Raca you'll get. Investors will be paid in Raca for every transaction.**

### **Reaverse Cockpit Flight Deck**

**We have a state of the art earnings management Cockpit and Flight Deck where you can see details such as the total amount of Raca paid to the community, when the next.**

### **Reaverse Smart Artificial Intelligent Calculator**

**Smart and Predict Your Amount of Earnings and Revenue of Raca while you hold Reaverse Token. Automation System Will Serve You to Calculate Your Passive Income based on Volume Transaction.**

### **Reaverse Product Ecosystem**

**Reaverse will Provide all of Supporting Product for Reaverse Metaverse Ecosystem to maximize Reaverse Ecosystem.**

# CORE VALUES

## COMMUNITY

Community is everything and Reaverse strives to include everyone from around the world. We have multiple telegram channels dedicated to our international communities and the community is growing day by day.

## SECURITY

Reaverse everages a decentralized blockchain architecture which increases security and auditability, built on top of the Binance Smart Chain.

The smart contract will soonly audited by Integrity and Independent Auditor.

## INNOVATIVE

The decentralized community aims for long term development of the ecosystem. We want Reaverse to represent the foundation for real use cases, and greater rewards beyond any temporary trends.

Our experienced development and marketing teams will work tirelessly to ensure continued growth of the Project.
